## Unleashing the power of collaborative play to build self-confidence and friendship skills!

### Shooting Stars: K - 1<sup>st</sup>

K-1 groups will enjoy physical, creative and imaginative activities that focus on team-building, cooperation, friendly competition and having fun!

### Grow With the Flow: 2<sup>nd</sup> - 3<sup>rd</sup>

Our 2<sup>nd</sup>-3<sup>rd</sup> grade groups will also get physical, but their activities will engage them in group problem-solving and discussions, communication, sharing their perspectives and learning from other points of view.

### Lofty Leaders: 4<sup>th</sup> - 5<sup>th</sup>

Lofty Leaders will learn strategies to help them navigate the tumultuous tween/teen years and deal with peer conflict, stress and bullying. We'll challenge each member to take a leadership role within their own group in addition to leading our younger groups.

## Play with a Purpose!

Since 2009, Connect Us has been helping kids build self-confidence, resiliency and friendship skills through facilitated, collaborative peer groups. Our passionate facilitators create a safe space where everyone is valued and encouraged to be themselves. It is in this supportive context that we gradually raise the social and emotional bar and challenge kids in ways that serve each one best.

Every Connect Us kid plays an important role in creating group cohesion. Each week, as they learn and grow from their interactions, they build upon the kind, inclusive and connected community they've created—an environment in which social and emotional skill development and friendship can flourish.
